NuTel Technologies Receives Telecommunication Industry's Top Award

*Technology Assurance Group (TAG)
Selects NuTel Technologies as its Elite
Telecommunication Company at the
2006 TAG National Convention*

ST. GEORGE, UT — March 30, 2006 — NuTel Technologies, a leading telecommunications provider, announced today that the company received one of Technology Assurance Group's top awards at the association's 2006 National Convention held in San Diego in March. Technology Assurance Group (TAG), a national organization of independently owned telecommunication companies representing over \$300 million in products and services, selected NuTel Technologies as the winner of the "Bronze Circle Award" for exceptional economic performance and superior customer satisfaction. NuTel Technologies was highlighted as one of the nation's leading telecommunications companies during a prestigious awards ceremony.

The distinguished award is based on overall financial performance, customer satisfaction, and the ability to provide companies with cost effective and state-of-the-art telecommunications solutions. "NuTel Technologies outperformed and surpassed many of the top companies in the industry," said Dale Johnson, president of Technology Assurance Group. "The company helped their customers embrace cutting edge technology and as a result businesses of all sizes received a competitive advantage and improved profitability."

Robert Hibbs of NuTel Technologies accepted the award for the company. "This award symbolizes

our dedication and commitment to quality customer service and our efforts to stay at the forefront of a rapidly changing industry," said Mr. Hibbs. "The unending support we receive through our membership at TAG has enabled our organization to both learn and properly execute better business practices. TAG has helped us become a more successful organization and this has a direct correlation with the high satisfaction ratings we've received from our valuable customers. NuTel Technologies is also fortunate to have a team of professionals that are willing to implement new business strategies. We're thrilled with last year's performance and we're striving to exceed these accomplishments in 2006."

NuTel Technologies offers businesses a variety of communication solutions including telephone systems, local/long distance service, Internet connectivity, web conferencing, teleconferencing, call accounting, and Voice over IP (VoIP). The company's mission is to serve the business community with tools that make organizations run more efficiently, increase their profitability and give them a competitive edge in their marketplace.

ABOUT NUTEL TECHNOLOGIES, INC.

NuTel Technologies is Southern Utah's most prominent business telephone and data communications company. Locally owned and operated, Robert Hibbs, CEO and founder of NuTel Technologies, had a vision of an organization that would

provide communication services to our local businesses without limits. Today, NuTel truly is the "One Call, One Contact" for all of your business telephone and network requirements. Through our strategic partnerships and our flagship manufacturer, NEC, we bring forth products from a 40+ billion dollar company that is not available from anyone else. NuTel's highly trained and skilled technicians currently hold more than 100 factory certifications, clearly a commitment to excellence that equates to unparalleled support to you through improved customer relations and increased profits.
